Book Concept: Archie Knowles Campground Oregon

Title: Archie Knowles Campground Oregon: A Legacy of the Oregon Coast

Logline: A heartwarming and suspenseful tale interwoven with the history and secrets of a beloved Oregon Coast campground, revealing the enduring power of family, nature, and the mysteries hidden within the ancient Redwood forests.

Storyline/Structure:

The book will blend historical fiction with contemporary mystery. It will center around the Knowles family, who have owned and operated Archie Knowles Campground for generations. The narrative will alternate between:

Past: Chronicling the founding of the campground in the early 20th century, highlighting the hardships and triumphs of the Knowles family, their relationships with the land and the local community, and the uncovering of a long-buried secret connected to the land itself (perhaps a lost treasure, a tragic event, or a hidden family lineage).

Present: Focusing on a present-day member of the Knowles family (perhaps a young woman returning to the campground after years away or a skeptical outsider inheriting the campground), who must grapple with modern challenges (environmental concerns, competition from large corporations, maintaining the family legacy) while simultaneously uncovering the secrets of the past. This present-day narrative will unravel the mystery from the historical sections, creating suspense and emotional depth.

The structure could utilize alternating chapters between the past and present, gradually weaving together the two timelines until a climatic revelation at the end.
