This introduction will dispel common myths and misconceptions, clarifying what mediumship truly entails. We'll explore the various types of mediumship—those who communicate through writing (psychography), those who use objects (psychometry), and those who communicate directly through words and visions. Crucially, this section will emphasize that inherent psychic abilities are often dormant within us all, awaiting activation through practice and self-belief. We'll discuss the importance of intention, grounding techniques, and creating a safe spiritual space for practice.
