

blood of the kings

Book Concept: Blood of the Kings

Title: Blood of the Kings: A Legacy of Power, Betrayal, and Redemption

Genre: Historical Fantasy/Epic Fiction

Logline: In a world where royal blood holds mystical power, a young woman must confront a dark legacy, navigate treacherous court politics, and choose between love, duty, and the fate of her kingdom.

Storyline/Structure:

The story unfolds across three interwoven narratives:

Past: The history of the royal lineage, revealing the source of their mystical bloodline and the sacrifices made to maintain their power. This section reveals the origins of a powerful artifact – a jeweled crown that amplifies the king's abilities, but also carries a terrible curse.

Present: Anya, a seemingly ordinary young woman discovers she is the last surviving heir to the throne. She must learn to control her inherited powers while dodging assassins, navigating a corrupt court, and facing down a powerful rebel faction who seek to seize control.

Future: Anya's struggle to secure the throne and ultimately break the curse of the crown, forging a new future for her kingdom. This section involves a complex moral dilemma – sacrifice individual happiness for the greater good?

The narrative will shift between these timelines, revealing clues and building suspense. The mystery of the crown's curse and the true nature of Anya's powers will be gradually unveiled. The ending will be satisfying, but leave the door open for a sequel.
